

## LEARNING FROM HOME

### Term 2 - Week 2

Kia ora koutou e te whānau  
Dear parents and caregivers,

We hope you had a successful week supporting your child/children in the Learning from Home programme. We had a great turn out of attendance at Zoom meetings and we loved seeing you all. Please do not feel compelled to complete all the activities as we are aware of the challenges that this type of learning presents and we do not want to create additional stress. Our teachers are also juggling their own children and families along with teaching so we all need to work together.

Your child/children will continue to be able to talk to their teacher and classmates each morning via the video conferencing platform Zoom. The link for your child's Zoom meeting will be sent as an announcement via Seesaw the day before.
